***DATAGRYD INTRODUCES ITS WHOLESALE MEGASUITE***

**NEW YORK, NY – February 2, 2015 – DataGryd** is pleased to announce the launch of its **MegaSuite high-power data center in cost effective megawatt configurations**, featuring greater operative space, utility grade infrastructure and smarter energy. The **MegaSuite** is now available to provision your NYC data center requirement.

**DataGryd’s State-of-the-Art MegaSuite**

The **MegaSuite** is turn-key data center space, which has technology-driven operational efficiencies that allow for a significantly reduced cost of entry, and cost per KW. Each suite is tenant-optimized, driving economies with a low OPEX/CAPEX to maximize clients’ capital preservation. DataGryd’s proprietary **MicroGryd™** technology offers dual contingencies, delivering the highest value in energy efficiency, with direct primary utility feeds from Con Edison. DataGryd’s data center offers up to 12,000 KW of power located in the heart of New York City’s most concentrated hub of global data network connectivity, and its facilities at 60 Hudson include over 100,000 square feet of support infrastructure to maintain and sustain the **MegaSuites**.

DataGryd’s location at 60 Hudson provides potential access to over 300 interconnected carriers and exchanges, with multiple POEs from diverse data network providers and direct fiber conduits, DataGryd Data Centers have **no** cross connect fees or obligations to use any third party meet me rooms. DataGryd’s **MegaSuite** will stand the test of time, with 21<sup>st</sup> Century, high-density **MicroGryd™** power and cooling technology housed in the largest single-footprint data center space available in New York City.

**About DataGryd**

*DataGryd is a premier data center company headquartered in the heart of New York City and offering efficient space with state-of-the-art power and cooling infrastructure for multi-tenant collocation, data network, telecommunications, cloud, and large enterprise companies to operate. DataGryd’s management has more than 100 years of combined industry experience and expertise in owning and operating data centers, acquiring real estate for institutional investors, and overseeing telecommunications network construction and engineering projects. For leasing information, please contact Mona Weisberg of Colliers International at [mona.weisberg@colliers.com](mailto:mona.weisberg@colliers.com), or by phone at (212) 716-3894.*
